LUXELET
AN INTELLIGENT TOILET

LUXURY ELECTRONIC WATER CLOSET.

LUXELET by Artize is an innovative offering in ceramics. Made possible by the coming together of a deep understanding of functional design, modern electronics technology and advanced manufacturing expertise in ceramics. It fulfills the need for sensory intelligence that today's world demands. Upgrading the daily experience of the bathroom to a whole new level of comfort, hygiene and ease.

AN EXPERIENCE TO CHANGE YOUR PERCEPTION OF BATHROOMS.

For too long, the world has allowed ceramics to exist without leaping forward to a new level of functionality. Luxelet by Artize is a product that alters your perception of what's possible in bathroom ceramics - when they are imbued with user-sensitive features and benefits, created with an understanding of interface design offering hygiene, convenience and sense.

**LIFE-CHANGING HYGIENE,
CONVENIENCE AND SENSE.**

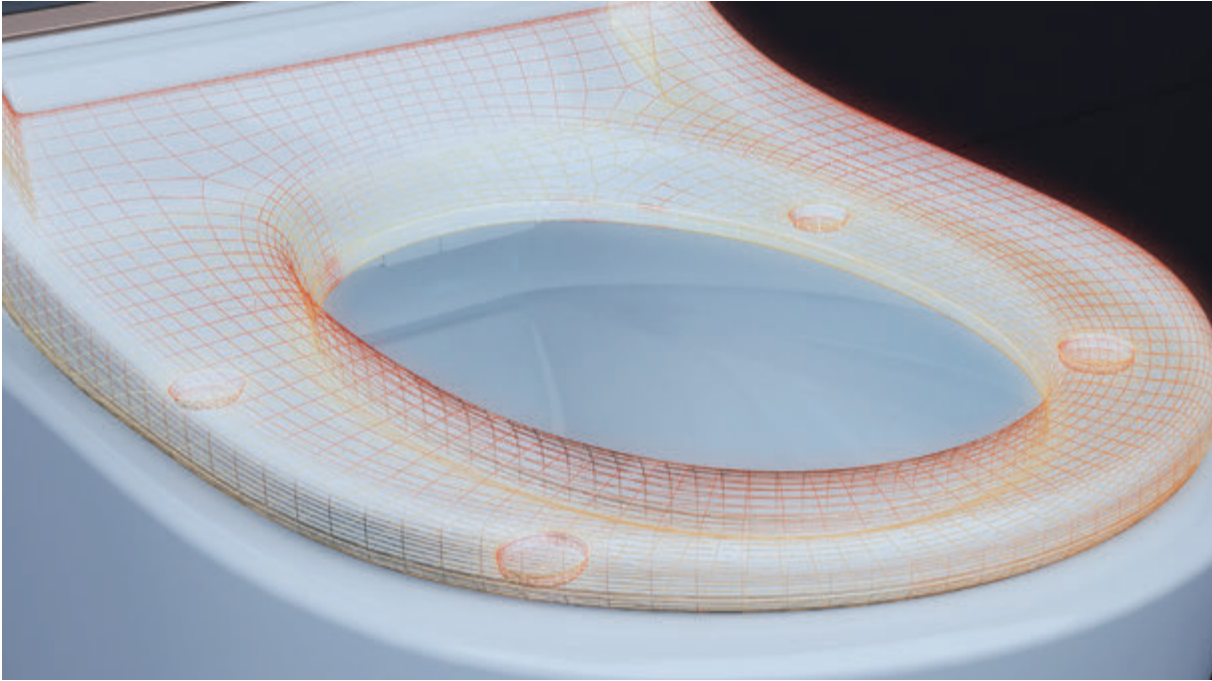

Artize's Luxelet brings together an array of features that deliver unprecedented levels of hygiene, comfort and convenience. Experience some of these to know why you'll never be able to go back to other toilets ever again.

SENSOR ACTIVATED SEAT COVER:

The seat cover automatically opens as you approach. After use, the flush is activated automatically and eliminates the bowl residue, and the seat cover also closes gently.

Seat cover temperature control: Adjust the seat temperature to your liking

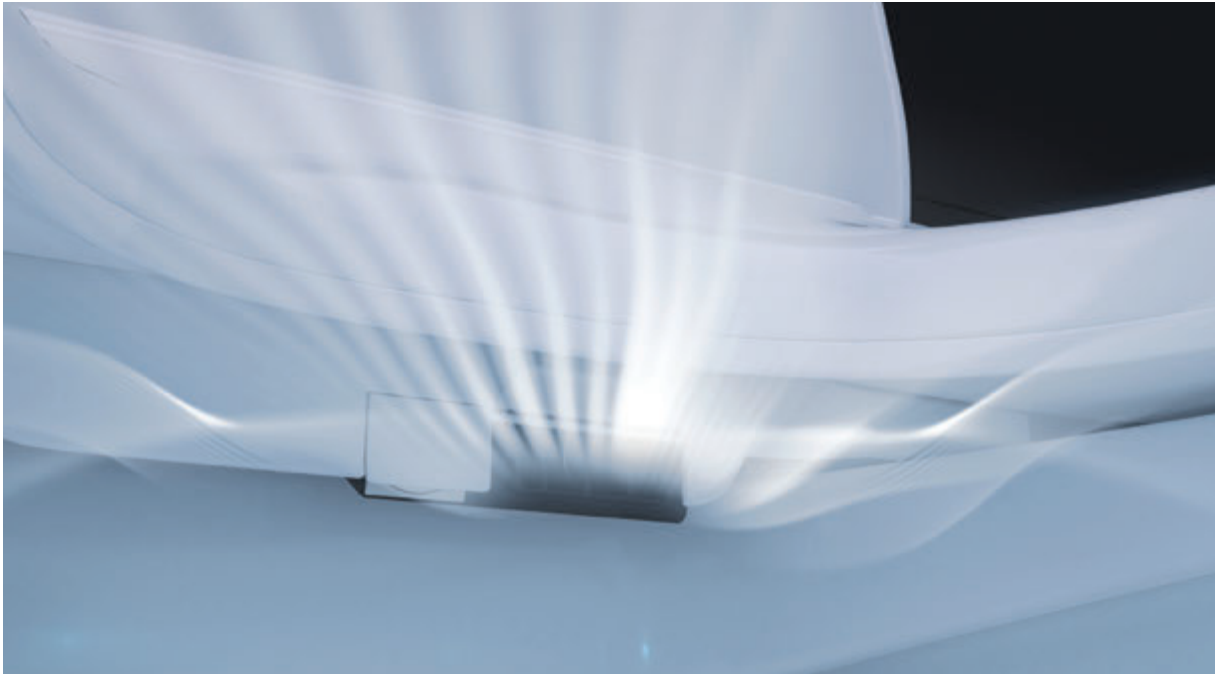

Auto flush: Automatic flushing ensures the bathroom stays fresh

Anti-bacterial clean glaze: A surface that prevents the growth of germs and is easy to clean too

LED night light: At night, the in-built light is a great convenience

Dryer: Warm air drying for convenience, comfort and complete hygiene

Deodorisation: The automatic deodoriser removes odours and keeps the bathroom fresh

Nozzle oscillation: The oscillating nozzle feature, and its adjustable position, offer thorough cleansing

Feminine wash: Different wash options to suit your anatomy and hygiene needs

Water inlet filter: The water comes filtered to prevent any clogging or contamination

Rear wash: Designed to offer thorough cleaning and hands-free hygiene

Anti-bacterial nozzle: The self-cleansing nozzle ensures that hygiene is uncompromised

REMOTE CONTROL

- Instant warm water
- Manual nozzle position
- On-board operation
- Night light
- Microwave sensor opening

MANUAL CONTROL KNOB

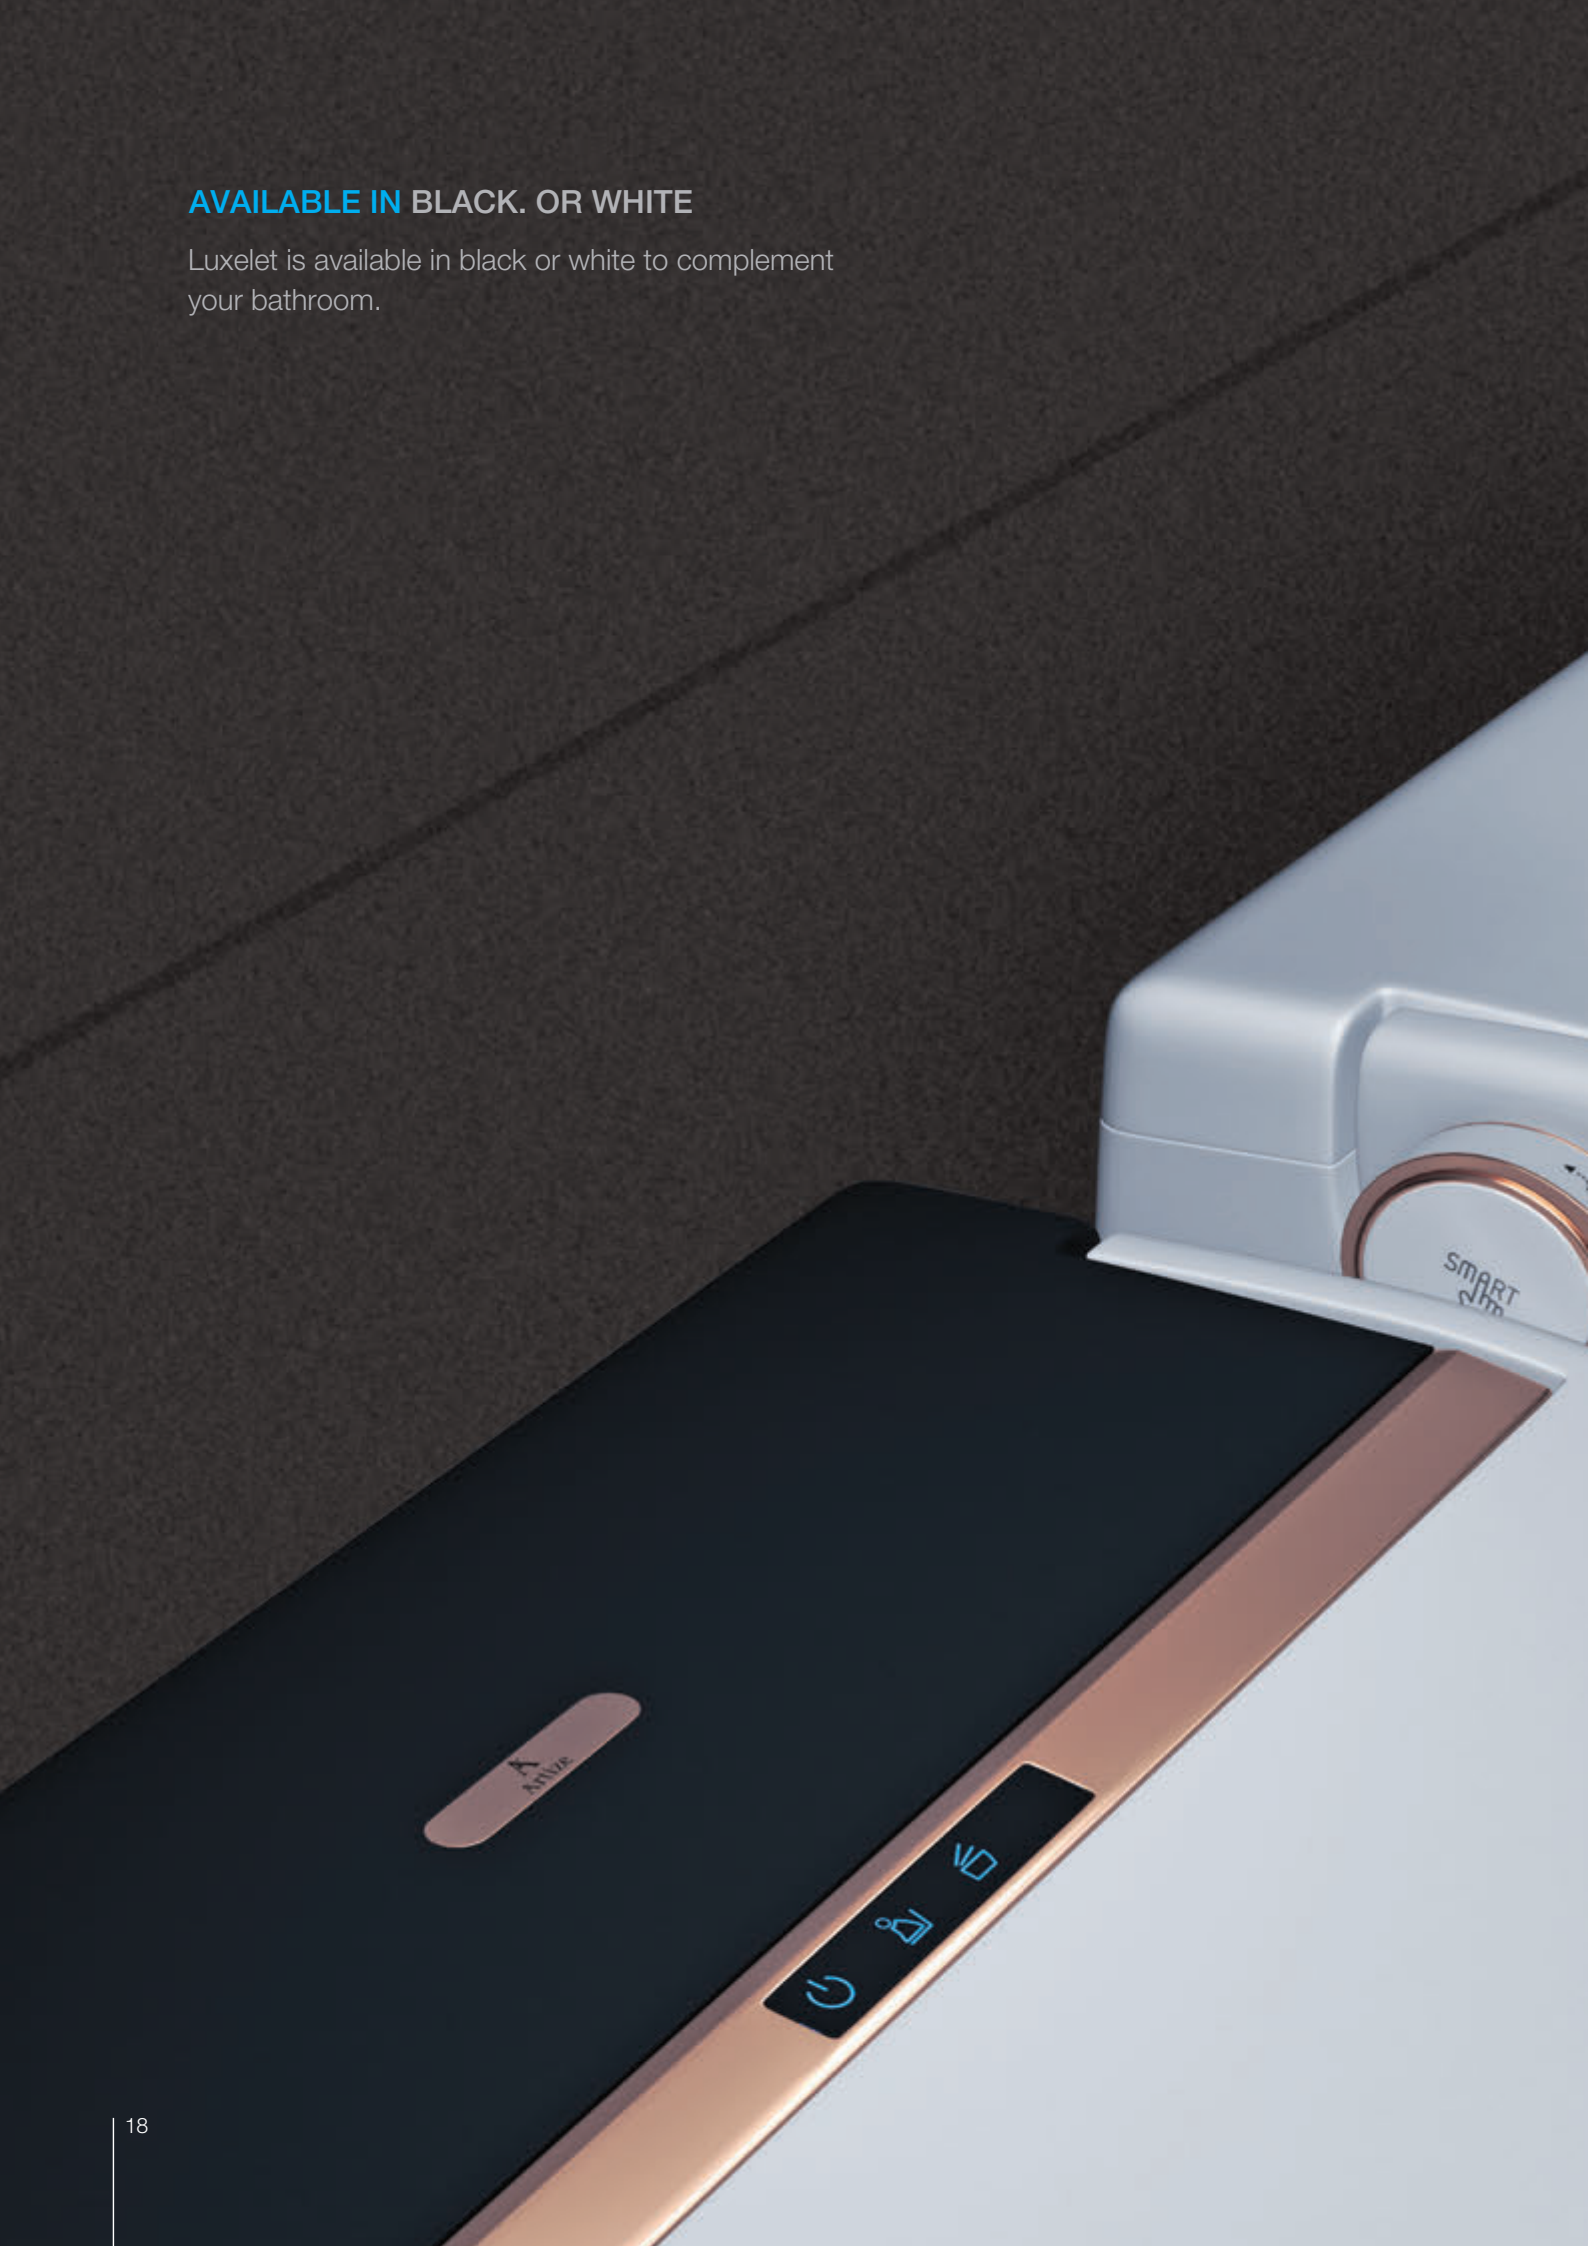

A choice of control options including the ergonomically placed Smart Knob.

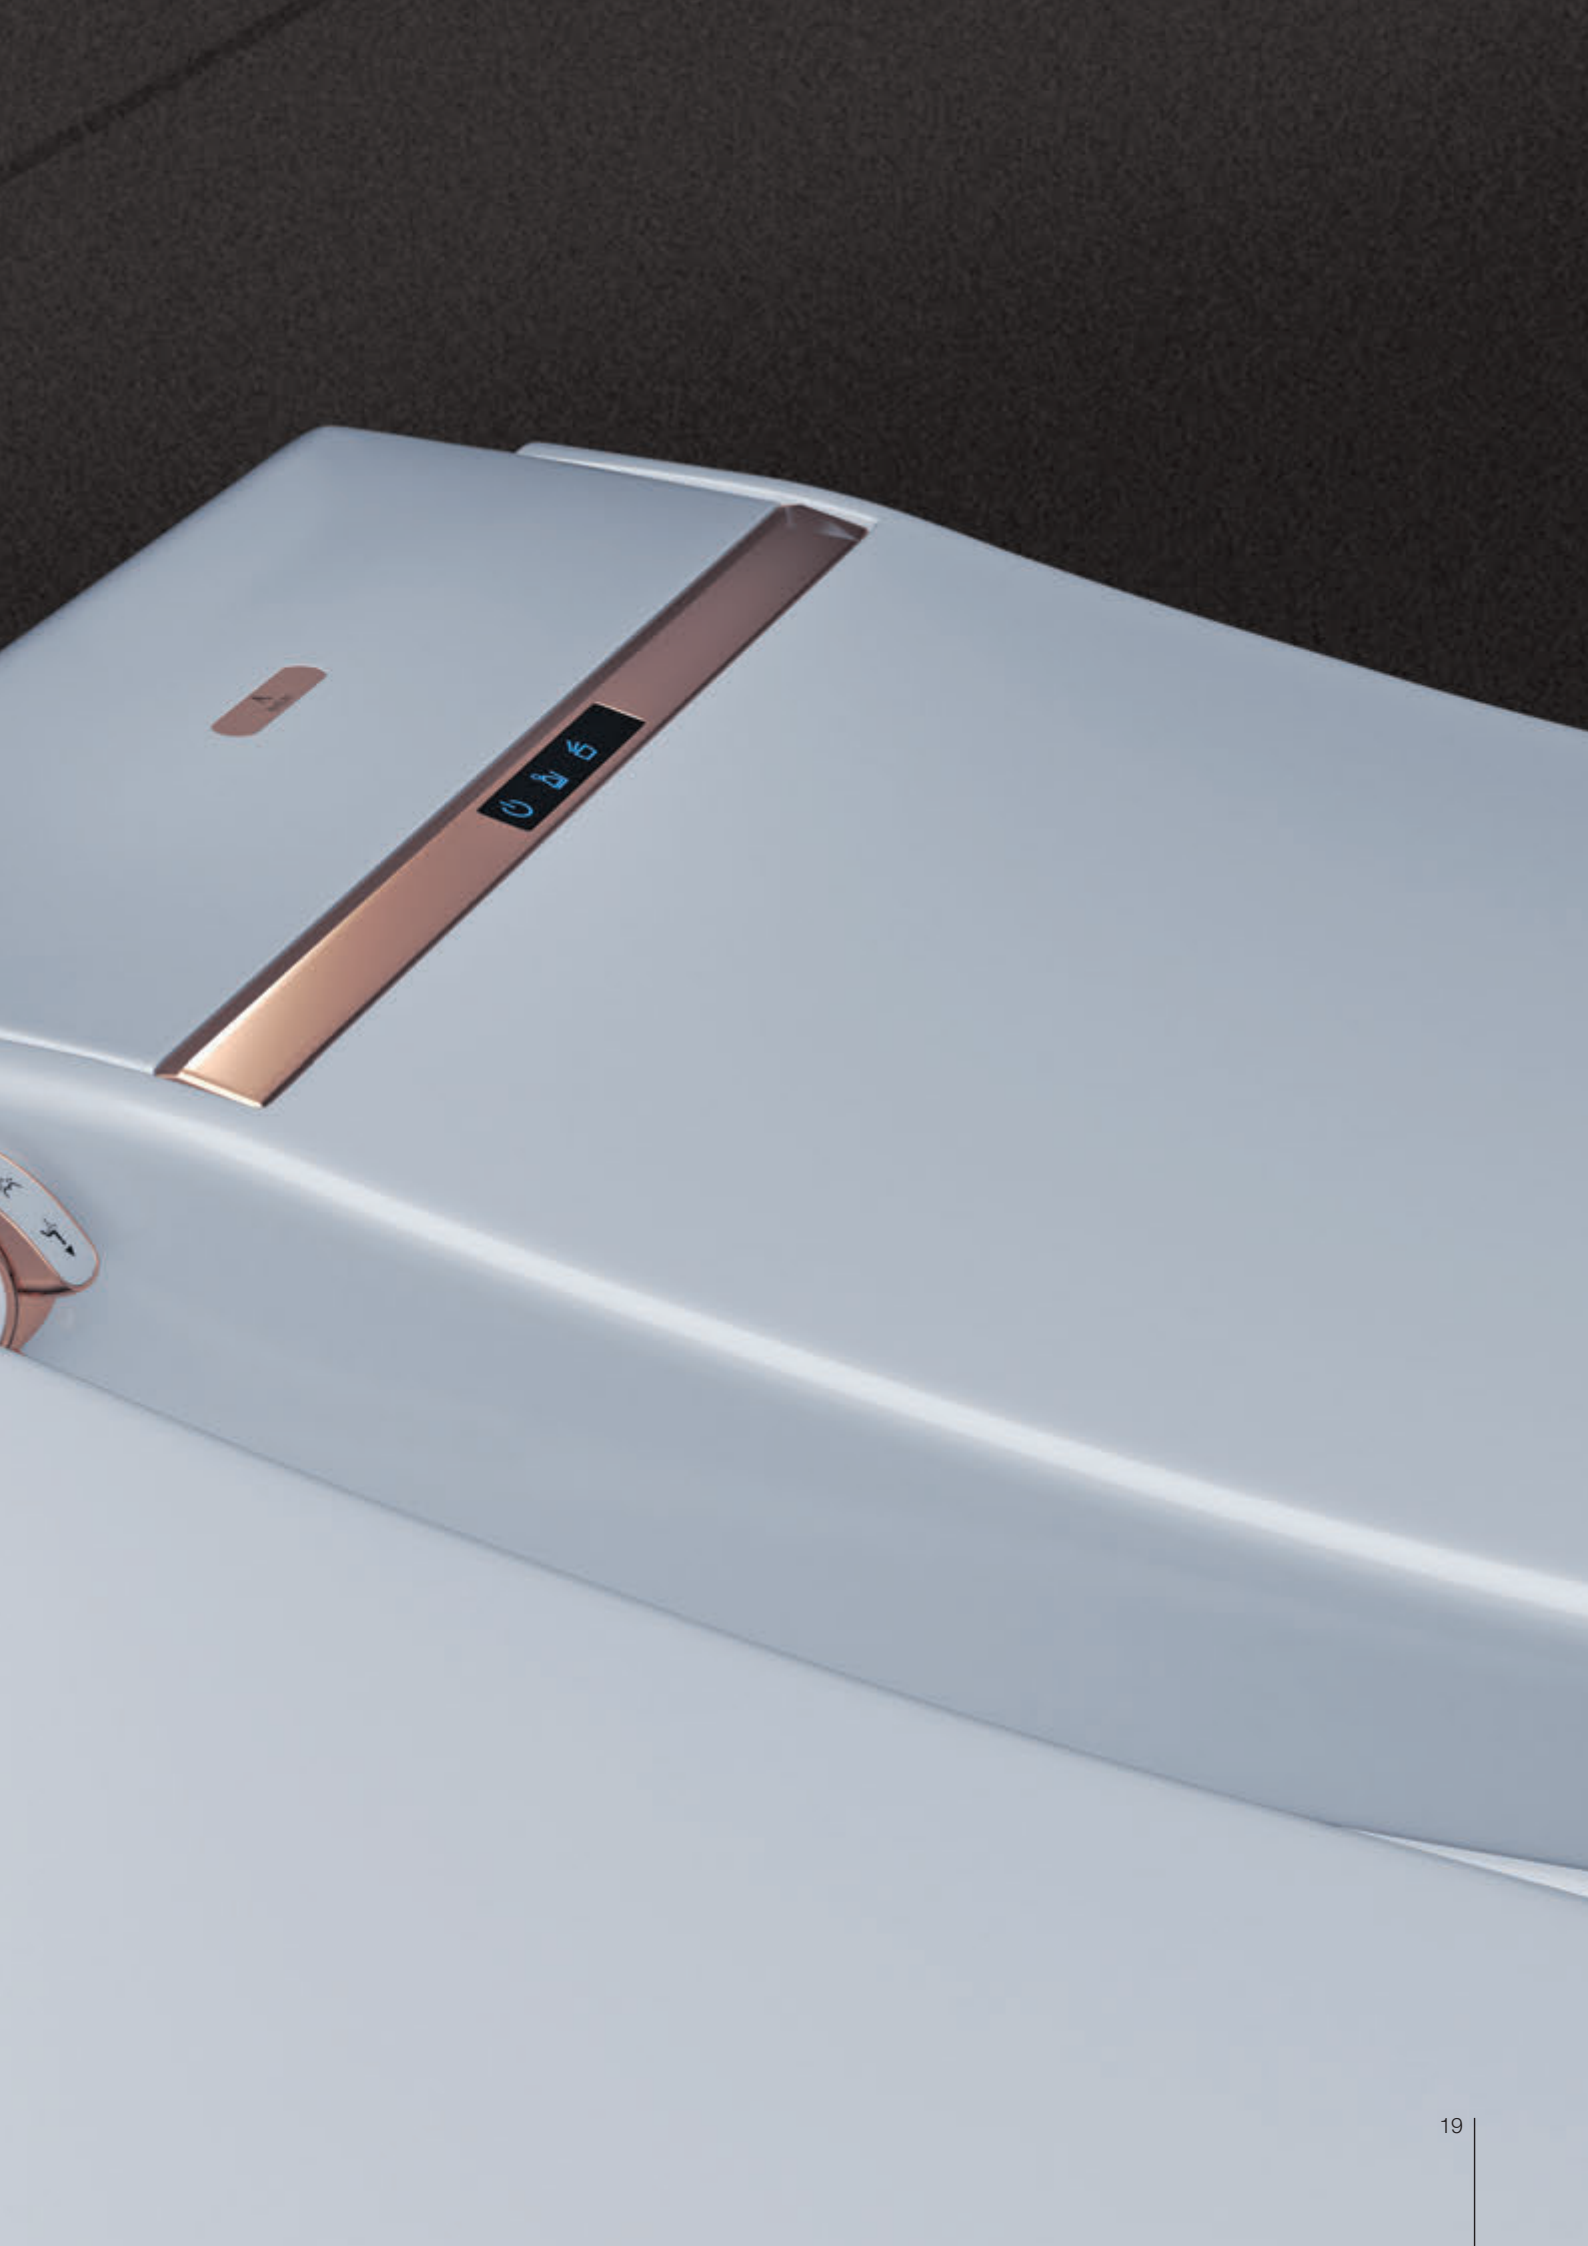

AVAILABLE IN BLACK. OR WHITE

Luxelet is available in black or white to complement your bathroom.

Note: Luxelet WC performs best when installed and used in conjunction with Artize products and accessories that are specially designed to be compatible with Luxelet.
